

Professional Filter Service App

A digital tool for professional water filtration

The new Professional Filter Service App is your ideal assistant. This unique and comprehensive tool helps determine the size and type of filter you need. It provides detailed installation guidance for service engineers, calculates when cartridges will need replacing – and has a wealth of other helpful capabilities.

BRITA Professional Filter Services

We believe that becoming a BRITA customer is only the beginning of a long-lasting and enriching partnership. Our extensive service portfolio is best in class: a broad offering including end-to-end support and expert advice, dedicated training sessions, value-adding tools and sustainable solutions – all designed to make your work life easier, and to help strengthen your business.

The benefits to you

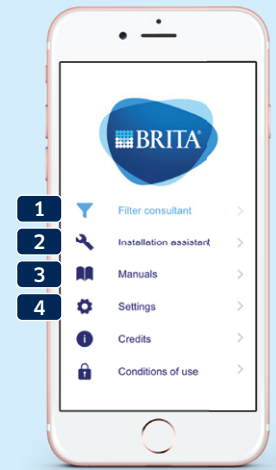

- Functionality adapted to your individual requirements
- Digital consultant for defining the right filter for you
- Service assistant for installation process
- Reminders to exchange your cartridge on time
- Digital library with all instruction manuals, datasheets and installation videos

How-to guide

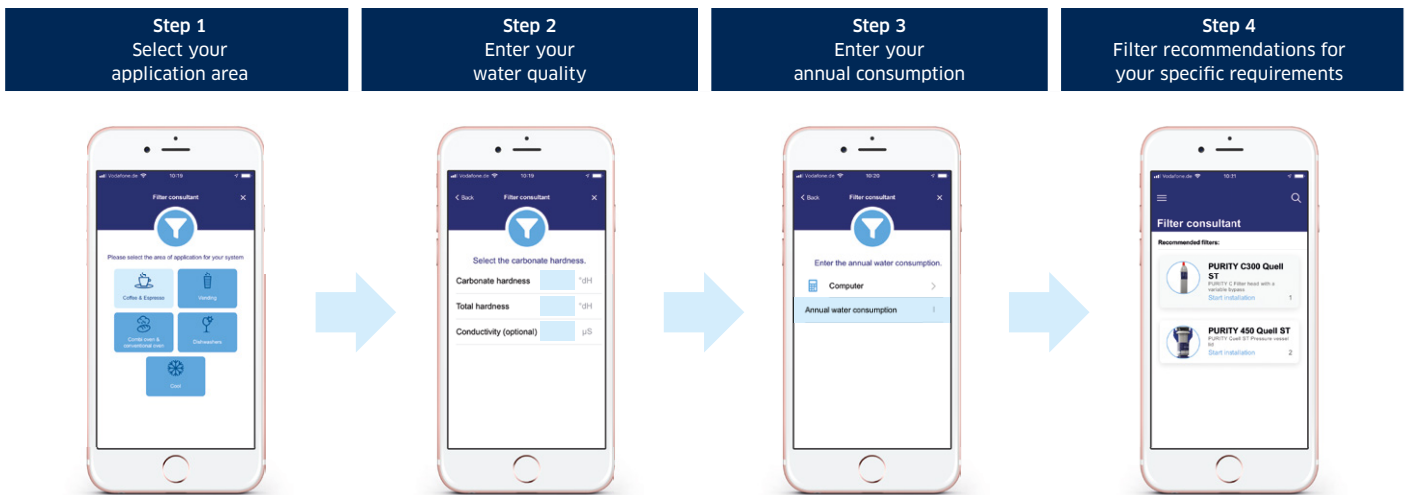

Choose the right tool for your needs:

- 1 Filter consultant:** find the right filter filter for your needs with just a few steps (see more details below).
- 2 Installation assistant:** get help and guidance during the installation process and set reminders to exchange your cartridge.
- 3 Manuals:** you have full access to manuals, videos, brochures, datasheets and capacity tables.
- 4 Settings:** customise your BRITA app by choosing one of 9 language options and defining your degree of water hardness.

Step-by-step guidance

1 Filter Consultant: the following four steps describe how to use the new BRITA Professional Filter Service App.

2 Installation Assistant
