

BRITA®

## BRITA VIVREAU Fill

I was looking for ways to help us meet our CSR goals and shrink our carbon footprint. With BRITA VIVREAU, I found the right self-service water dispenser for us. It has helped cut down single-use plastic waste in our office. Plus, we can count on great-tasting water, whenever we want. BRITA filtration technology gives us peace of mind.

# VIVREAU Fill

Speed, power and precision.

**TwinFilling** • efficiently fills two bottles/glasses simultaneously

- **Touch display** for intuitive selection of water types and usage settings
- **SmoothFinishing** portion control to fill bottles/glasses without overflow

**ThermalGate™** • thermal-disinfection feature protects against contamination from external sources

**BRITA CLARITY Taste 100** • filter included: preserves minerals in water while removing unwanted substances.

- **BottleGuard** to easily position bottles/glasses on the drip tray for precise filling

- Ideal for e.g.**
- Conference rooms
  - Restaurants
  - Events
  - Canteens/cafeterias
  - Bars

## Benefits

- BRITA's most powerful water dispenser with the highest cooling capacity
- Unlimited unchilled still or chilled still, sparkling or semi-sparkling water
- Dispensing capacity 120 l/h

## Three installation options

- Floorstanding
- Countertop
- Tap unit with three drip tray types

# A 360° solution

BRITA VIVREAU - for total peace of mind.

## Filtration and hygiene

Water is H<sub>2</sub>O - but not just. Tap water varies greatly from place to place. That's why we have created top-notch filtration solutions for over half a century. We are committed to excellent quality - and to outstanding hygiene. Our features ensure great water, at all times.

# The wonder of water

Better water, enhanced well-being.

The water we drink is not just hydrogen and oxygen – it contains minerals and more.

That's because water is a dissolver extraordinaire: When rain falls, it soaks through the ground, gathering organic matter and minerals. This affects its taste, appearance and smell.

Mains water is treated and tested. However, there may be some residues from disinfection, piping, etc. That's where BRITA comes in. The right water composition tastes better, encouraging people to drink more. And hydration is key to health – for better well-being, concentration and productivity.

*Good hydration is the basis for our body's metabolic processes and for our health. And staying hydrated is easier if water tastes good. That's why BRITA has a special department dedicated to taste.*

– Birgit Kohler

Head of BRITA's Organoleptic Department,  
certified water sommelier

## The water cycle

Water is an outstanding solvent and can contain diverse substances

## Water treatment

Added substances, e.g. chlorine, can affect taste

## BRITA sensory water wheel

An overview of taste, aroma, mouthfeel

# The power of filtration

Excellent water – an art and a science.

With BRITA's proven filtration solutions, you can be sure of excellent water – meeting the highest hygiene, quality and environmental standards.

At BRITA, water is our passion. We have channelled over half a century's expertise into our BRITA filtration and treatment technologies, and into each and every one of our BRITA VIVREAU dispensers.

From activated carbon to ion-exchange resins, pre-filters, post-filters, double-layer membranes and more – you will find effective filtration solutions for your specific needs.

What's more, you can be sure of Made-in-Europe quality. All BRITA VIVREAU filters are manufactured in Germany and the dispenser itself is assembled in Italy. We focus on sustainability throughout – using, for instance, natural coconut shells for our activated carbon.

**Activated carbon**  
Reduces substances that impair taste and odour

**Ion exchanger**  
Reduces limescale and metals, e.g. lead

**The right balance**  
Preserves minerals in water

# Dependable hygiene

Solutions that give you peace of mind.

BRITA's built-in safeguards keep dispensers squeaky clean by reliably removing bacteria, microbial cysts and more.

We take an end-to-end approach to hygiene, starting with the manufacture of our BRITA VIVREAU dispensers in Italy. Our recently established production facility is equipped with the latest hygiene technology. And our service technicians observe strict safety measures when they install your dispenser - ensuring the best-possible start.

Our dispensers' BRITA ThermalGate™ feature heats the tap to defend against contamination from external sources. And our optional BRITA HygienePlus solution - developed based on over 20 years' experience of the healthcare market - provides outstanding hygiene. Both have been tested and validated by independent institutes.

What's more, you will find cleaning instructions and guidance on our website - and we offer a proven portfolio of tailor-made cleaning products.

**End-to-end hygiene**  
Starting with the dispensers' manufacture in Italy

**Product features**  
BRITA ThermalGate™ and BRITA HygienePlus

**Regular cleaning**  
Ensures safety and a long product life

# CLARITY Taste 50/100

Water filter: Crystal clear water for cold drinks.

The BRITA CLARITY Taste filter unites activated carbon technology with a pre-filter. This dynamic duo preserves minerals in water while removing unwanted substances, such as microplastics and chlorine. The result is crystal-clear water with a reliably refreshing taste. What's more, the filter protects the dispenser against downtime caused by fine particles, such as rust and sand.

**BRITA CLARITY Taste 50/100 filters are compatible with:**

- VIVREAU Top 15
- VIVREAU Top 50/85
- VIVREAU Extra I-Shape
- VIVREAU Extra C-Shape
- VIVREAU ViTap
- VIVREAU Fill
- VIVREAU Bottler

**The right balance**  
Preserves minerals in water.

**Activated carbon filtration**  
Reduces substances that impair taste and odour.

**Pre-filter**  
Removes coarse particles.

• **Filter capacity:**  
Taste 50: 4,000 l  
Taste 100: 11,500 l

• **Perfect-tasting water**  
with ideal properties

• **Protects equipment**  
and therefore lowers  
dispenser maintenance costs

## Benefits of BRITA CLARITY Taste

Reduces fine particles such as microplastics or sand

Reduces metals such as lead

Reduces pharmaceuticals, pesticides and hormones

Reduces chlorine taste and odour

Reduces organic impurities

Reduces asbestos fibers

# BRITA ThermalGate™

Hygiene feature: BRITA's powerful thermal disinfection solution.

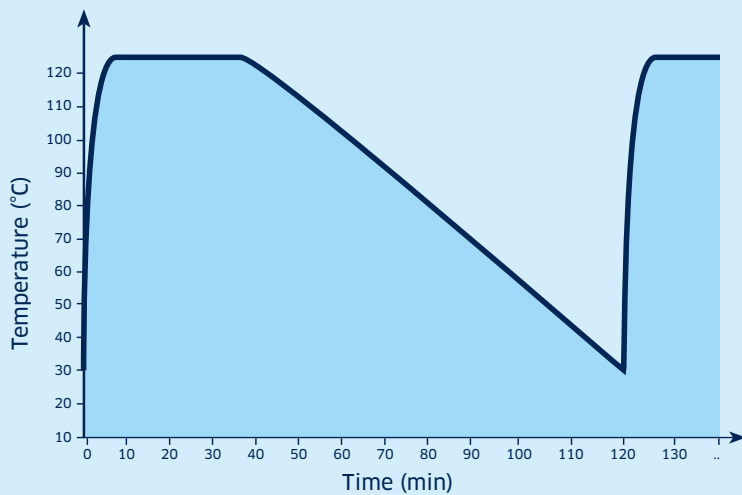

The tap of a typical water dispenser is exposed: a sneeze or touch of a hand, for example, can introduce germs. Without a robust safeguard, microorganisms on the wet tap can go on to contaminate the dispenser. That's why our BRITA VIVREAU dispensers include our ThermalGate™ feature. This automatically and regularly heats the tap to protect against contamination. So you can sit back and relax – knowing you have a proactive, powerful defence against germs, tried and tested by an independent laboratory (Ruhr District Institute of Hygiene).

**ThermalGate™**  
Protects against retrograde contamination.

The tap is automatically heated to over 125°C at regular intervals for thermal disinfection.

**ThermalGate™ is continuously active,** providing protection not only at peak times, but also during periods of inactivity, e.g. at night or on weekends

**Does not require manual effort or chemical additives**

**Developed on the basis of over 20 years' experience in the healthcare market.**

## BRITA Accessories

One of the best things about BRITA VIVREAU: it is a complete solution. There's your dispenser, which you can combine with customised bottles. Everything is installed by professional service engineers. And there are further choices – such as flexible financing options.

# Diverse accessories

Find the match for your dispenser.

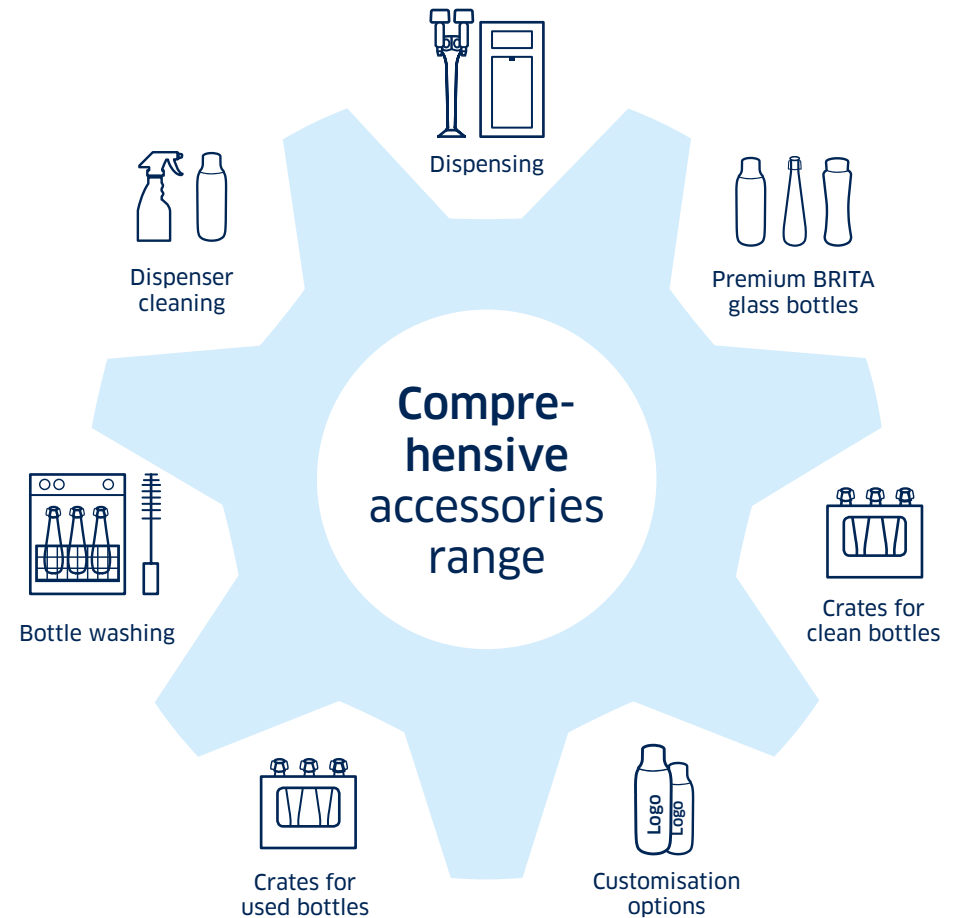

The water dispenser is only one part of the picture: take advantage of BRITA products across the entire water dispensing-serving-cleaning cycle.

We provide premium customisable and reusable bottles that can be readily refilled via our dispensers. Where needed, the bottles can be stored in special crates precisely designed for the various types of BRITA designer bottles. Clean, filled bottles and used empties can be placed in separate, dedicated crates.

Furthermore, hygiene is always the top priority. We therefore provide all equipment necessary to properly sanitise BRITA VIVREAU dispensers and BRITA bottles. For bottles, we offer a choice of washing trays, including versions compatible with professional and domestic dishwashers.

And our best-practices tip: we recommend cleaning BRITA VIVREAU dispensers daily for extra peace of mind.

Are you looking for ways to shrink your carbon footprint?

Replacing plastic bottles with long-lasting BRITA bottles and corresponding accessories is an easy way to make a difference.

# Customisable BRITA bottles

Sustainable BRITA bottles and dispenser solutions: The perfect pairing.

## Make your BRITA bottle your very own.

Customised high-quality bottles are ideal for a variety of scenarios. Placed on meeting or restaurant tables, for instance, they provide a great opportunity to prominently position a logo or raise awareness of a particular message.

The glass designer bottles come in a variety of sizes and styles, so you can find the right option for your organisation's needs.

Additionally, reusable bottles are a stand-out way to communicate your commitment to the environment. Eliminating single-use plastic bottles helps shrink carbon footprints and makes a statement – and now more than ever, it's something your employees, guests and clients will recognise and appreciate.

At the same time, giving up pre-bottled drinks does not mean your water is any less refreshing: our dispensers simply and efficiently chill water on demand.

## Swing Bottle

5. Professional washing tray	<ul style="list-style-type: none"> <li>• Size (W x H x D): 500 x 500 x 220 mm, 36 bottles</li> <li>• Compatible with BRITA Lounge 350 ml</li> </ul>
6. Cleaning brush	<ul style="list-style-type: none"> <li>• Size (W x L<sub>total</sub>, L<sub>brush</sub>): 65 x 500 mm, 160 mm</li> <li>• Compatible with: all BRITA bottles</li> </ul>

# The BRITA VIVREAU service package

Expert, reliable advice and assistance.

Our BRITA service package keeps your water dispenser in optimal condition, and helps you avoid costly downtime and reactive maintenance costs.

You can take advantage of a premium end-to-end water-dispenser solution – comprising a range of services, a dedicated customer-care team, and a national team of BRITA service engineers. We support you throughout the entire lifecycle of your dispenser, from the on-site survey and installation, to training, maintenance and servicing.

We are a one-stop shop for your organisation's specific drinking water needs – from advising you on the best dispenser model for your requirements, to installing and commissioning, to providing regular servicing. Twice-annual maintenance helps to ensure correct operation and effective hygiene.
